Upon reconsideration of the restriction requirement claims 1-30 will be considered to the extent they correspond to applicants elected species of claim 15 formula Ia where ring A is a 6-membered heterocyclic ring containing three double bonds and 1 nitrogen atom, R^1 is aryl and R^7 is not present and R^3 is a benzofuran. Consideration will however be expanded to include analogous species where ring A may be other nitrogen containing heterocyclic rings. This is based on the exemplification in the specification, which is limited to compounds of formula Ia, and processes for their production.

This application is in condition for allowance except for the presence of claims 1-14 drawn to an invention non-elected with traverse in Paper No. 6. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Claims 1-7 would be allowable if limited to compounds of the formula Ia as in claim 15.

Claim 8-14 are objected to as depending from claims that include non-elected subject matter.

No claim is allowed.
